The Springdale Job Corps graciously hosted over 30 Citizen Patrol volunteers at our recent Fall training meeting. The Job Corps is currently assisting in a radio communications plan for our volunteers' patrols and emergency preparedness. We are seeking VHF radios, antennae, cabling etc. for donation.

These weapons, including a scoped military style rifle were recovered from the suspects after a Corbett burglary. Please secure ALL of your weapons in a safe or other secure area!!! Even a heavy safe may be carted out of a house. It's recommended to bolt safes to the wall or floor or, better yet, to build an enclosure around a safe. For long term storage, remove some of the gun's parts (like the bolt) and store them in another secure area away from the rest of the gun.

If you're interested in applying to be a Citizen Patrol volunteer, please visit: www.CorbettOregon.com and click the "Citizen Patrol" tab. A park ranger informed me that there have been recent problems with suspects using tools to cut into the "pay tubes" at the parks. 1000 Acres has plans for either speed bumps and/or some increased signage to assist in slowing down visitors. Lastly, beware of phone scammers (complete with sounds of a "call center" in the background) advising you that your computer has a virus and then offering to help you remove the virus free of charge. It's a scam to gain access to your computer! Simply hang up.
