Please remember to slow down and watch for children now that school is back in session. If you're a parent picking up children in front of the Corbett School, please do not park in the no parking zones near the flag pole. When too many cars park in that area it's difficult to see the kids waiting at the crosswalk. It also forces some kids to walk between the fog line and the parked cars.

The Springdale School is also back in session. ODOT and County Roads will be doing some road studies to determine the exact location of placement for the 20 mph. school zone signs. It could take a couple of months before they are in place. In the mean time, it's considered a 20 mph school zone when children are present.
