One of the large piles of student backpacks in a designated search area. Sadly, many scenes like this will likely be etched into the memories of everyone involved.

On 6/10/14 numerous law enforcement officers responded to the tragic shooting at Reynolds High School. Numerous agencies responded and integrated well when responding to the scene, conducting building searches, establishing organized holding areas for the masses of students, staff and parents. Students were transported to the Wood Village Fred Meyers by school busses and Tri-Met busses. Fred Meyers provided water bottles and Subway Sandwiches helped out as well with donations of numerous sandwiches. This all-day response was taxing on everyone involved. Last summer all of our law enforcement deputies received "Active Shooter" training at Corbett H.S.. This recent training was very beneficial to our response. Our thoughts and prayers are with the families that lost loved ones.
