**CORBETT CRIME LOG**  
**NOVEMBER 2015**

We had 3 reported burglaries in November. With the holiday season, please report suspicious vehicles or persons immediately so that a deputy can respond. Thieves are known to follow delivery trucks and steal unattended packages from porches. Also, Corbett now has a radio repeater that works throughout the gorge and east Multnomah County. This repeater will be used by the Citizen Patrol and for emergency preparedness purposes to support the Sheriff's Office and Corbett Fire District 14. If your organization would like to be involved and linked-in via the repeater as part of a disaster plan, please contact Deputy Graziano.

This project could not have happened without the help of several key people in the community! Joel Harrington and Family of ADCOMM Engineering, Marty Fadness with the county Radio Shop and Jim Stein with his lift bucket truck all donated their time and equipment on a very cold and windy Saturday in the gorge. *Their total donated labor and equipment donations for the installation totalled \$5500!* Multnomah County Emergency Management has also been very instrumental in acquiring the repeater (over \$3000) and FCC licensing fees with grant money. Thank you!!!

From left to right: Joel, Marty and Jim doing the technical installation.

Joe Stein braved 39-degrees and 50+ mph wind gusts while nearly 50-feet above the ground
