PHOTO- Corbett Fire, MCSO Deputies and AMR Ambulance personnel arrived on-scene at NE Grange Hall Rd. to assist a man that was having a mental health crisis. The man was transported to a local hospital.

BE ON THE LOOKOUT FOR SUSPICIOUS PERSONS/ ACTIVITY-

Beginning this past November, numerous plastic bags filled with feces and tissues have been deposited in Corbett area roadways. The bags are typically found in the middle of the road and not along the shoulder or in ditches. The bags are generally found in the morning after being struck by cars. This obviously creates a big mess and ODOT or County Roads crews are typically dispatched for the clean up.

Bags have been found in areas such as Lucas Rd, E. Columbia River Hwy (between the Job Corps and Menucha), Curtis and Smith. Sometimes only one bag is deposited. On other occasions multiple bags are found strewn along the roadway. The bags are always knotted-shut. The bags have ranged from white plastic WalMart bags, to light blue bags, to small black plastic trash bags. Kitty litter is typically found in the bags as well.

One person-of-interest has been identified although the person has not been located. If you see any suspicious activity in regard to this issue, please call either 911 or the non-emergency#.
