The Corbett Crime Log has been in existence since 2008 when the Corbett Community Resource Officer position was created. The Crime Log only listed incidents in which a police report was written. The vast majority of "lesser" incidents, however, have never been listed. Beginning with this Crime Log, we'll now begin listing all of the incidents, excluding traffic stops (there were 79 traffic stops conducted in our area in January). This will give a more accurate portrayal of all law enforcement related activity in the Corbett community.

An "incident" may list anything from a severe crime to a deputy getting "flagged down" regarding a loose horse on the roadway. Due to space constraints, some information such as the assigned deputy on the call and the column that indicated if a report was written are not included.

A serious assault incident occurred on Chamberlain Rd by an adult son to his elderly parents. The parents both sustained injuries requiring hospitalization. Deputies had arrived to arrest the resistive suspect just as he was trying to leave.

PHOTOS:

The Citizen Patrol (CP) recently recieved a 16-foot trailer via a federal grant, with assistance from Multnomah County Emergency Management. This trailer will slowly be outfitted with shelving and a work station as money and time permit. This trailer will allow the CP to have a mobile office/ Command Center to assist the community and government agencies during community events and disasters.

Illegal dumping continues to be a regional problem. These couches and chairs were dumped on SE Kerslake under a "No Dumping" sign.
