

Rural Transit in Multnomah County

Where could we take you? Let us know!

We'd like to hear what type of transit would be most useful for people living and working in the rural parts of the county. We currently partner with Ride Connection to offer free weekday dial-a-ride service for anyone living or working in rural Multnomah County, but we would like to know more about your travel needs.

Take the survey at **multco.us/transit**
or scan the QR code on this page.

Our rural areas are those unincorporated of Multnomah County located east of the cities of Troutdale and Gresham, (such as Corbett) or northwest of the City of Portland boundaries (such as portions of Sauvie Island).
