

Corbett Connector

DIRECTORY

2014

COMPLIMENTARY
COPY

Welcome to the third edition of the Corbett Connector Directory!

Please **enjoy** and put to good use the names and services found inside. Each January I will update the directory, both in print and online. You can access the directory online at:

www.MichelleSmithHomes.com

and also at: **www.CorbettConnector.com**

After interviewing 200+ Corbett folks (so far!) for my online blog, I realized the enormous amount of skills and services available through our small yet **amazing community**. This is WHY the directory became **my dream**.

Seven years ago I began my real estate career as a broker. I now **specialize** in rural properties, which can be very involved in comparison to suburban homes in nearby Troutdale and Gresham. Having raised our two sons in Corbett, I am absolutely **passionate** about this special place that my husband of 27 years, Barry and I are blessed to call **home**.

Enjoy and **use the directory often** so we can all support one another!

My best,

Michelle C. Smith

Kiwanis®

Local people. Making a local difference.

Columbia River Kiwanis Club of Corbett, OR

Meetings: Tuesday, 12:00 noon, at Tonkin Honda, 24999 SE Stark St., Troutdale.

You are invited to help change the lives of children through Kiwanis. Together with you, we can improve our local community. We invite you to attend one of our meetings or make a presentation to our club. This is an excellent way to learn more about Kiwanis, make contacts, and let Kiwanis members know more about you.

This year our club celebrated 50 years of service to our local community. Some of our projects include supporting the Scouting program in Corbett and the Key Club at Corbett High School. We raise money for scholarships for high school seniors in Corbett, for mothers and children in need, for summer camp support for Mt. Hood Kiwanis Camp, and for other causes. We also have an annual recognition breakfast for veterans on November 11th. Our global cause is to help raise money to rid 3rd world countries of maternal and neonatal tetanus by 2015.
