	Corbett Enviro-STEM High School	N/A		9-12	200	0	200	Resident students from Corbett school will be given first choice to join the new Enviro-STEM High School. Other non-residents will be given access to the Corbett Enviro-STEM High School through a fair and equitable lottery process. It is likely that the majority of non-resident students who opt into the new Enviro-STEM High School will be current Corbett Charter School Students	#DIV/0!	100.0%	100.0%

								The Corbett Charter School currently rents space from Corbett School District. The lease expires in June of 2014. The Corbett School District intends to use the space currently occupied by the Corbett Charter School to house the Corbett Enviro Stem High School. Therefore the Corbett Charter School will need to find alternate space from which to conduct their operations. This may prove to be difficult which may mean that the Corbett Charter school shrinks dramatically in size.
